What areas does Novair service?

Although Novair is a Canadian company
specializing in supplying heat pumps to
all Canadian Provinces and Territories,
they offer heat pumps to many American States.

Does Novair stock parts locally?

Yes, spare parts are stocked at locations
across Canada. They strive to have spare parts
available within 2 business days.

Is there local technical support?

After purchase, service is where Novair stands
well above the competition. Not only do they have
local technical support, they are also standing by to help.
Always contact your installing contractor and
they will handle everything.
