novair

A Canadian Company Focused On
Supplying Cold Climate Heat Pumps

What areas does Novair service?

Although Novair is an Canadian company specializing in supplying heat pumps to Eastern Canada, they offer heat pumps to Quebec, Ontario, British Columbia as well as many American States.

Does Novair stock spare parts locally?

Yes, spare parts are stocked at 3 locations in Canada. They strive to have spare parts available within 2 business days.

Is there local technical support?

After purchase, service is where Novair stands well above the competition. Not only do they have local technical support, they are also standing by to help. Always contact your installing contractor and they will handle everything.

novair

Novair Multi Zone Series

10 Year Warranty

Heats to -25 C & -35

SAVE up to 60% on Heating Costs

Designed for Canadian Climate

5000-hour salt spray test during development
Continues to heat even at -25 C
Heating belt on compressor
Base pan heater - vital for
cold weather operations

Key Features

Auto Restart
Leak Detection
